### HONOLULANS FIGURE IN OPERATION OF PACIFIC MAIL LINER SIBERIA

Brings Large List of Passengers From the Coast—Get-away Day for Inter-Island Vessels—Zealandia From Colonies Makes Brief Stay at the Port—New Pacific Mail Steamers Under Construction.

Several Honoluluans, once well known here, now figure in the operation of the Pacific Mail liner Siberia.

Upon arrival of the vessel at Ala-  
hwa shortly after eight o'clock  
this morning, a number of familiar  
faces were noted in the personal of  
officers connected with the Mail boat.

H. G. MORSE, better known locally  
as "Goody" was resplendent in all the  
gold braid becoming a fourth officer  
in the Pacific Mail service.

MORSE was for some time identi-  
fied with the Honolulu Brewing and  
Malting Company and as an interest-  
ing coincidence, his former employer  
Charles G. Bartlett was a cabin pas-  
senger in the vessel which carried  
MORSE as a fourth mate.

The Honolulu man is the recipient  
of many congratulations among shipping  
people over his advent into the ranks  
of steamship men.

Another Honolulu man is A. E. COO-  
ley, who is now storekeeper in the  
Siberia. COOLEY has been on the  
Coast for some time past and left a  
position in the coasting service to join  
the Siberia.

Frederick Eurban, who resided in  
the islands some years ago was re-  
newing acquaintances today as chief  
officer in the Siberia. Prior to tak-  
ing up service in the Pacific Mail  
trans-Pacific service Eurban was on  
the Panama run. He as well as the  
remaining members of the Hawaii  
delegation have a host of friends here  
who wish them all sorts of good luck  
in the present field of endeavor.

The Siberia arrived here jammed  
with passengers and general cargo.  
Leaving the vessel at this port were  
45 cabin, 8 second class and 2 Asiat-  
ic steerage passengers.

The through list of passengers in-  
cludes 140 cabin, 9 second class and  
299 Asiatic passengers in the steer-  
age.

Three Chinese stowaways were dis-  
covered after leaving San Francisco  
and these will be carried to Hong-  
kong and there turned over to the  
authorities.

The Siberia is to sail for the Far  
East at five o'clock this evening. The  
liner will not call at Manila on this  
trip as her large cargo of four thou-  
sand tons is intended for Japan and  
China ports. This freight includes  
1,500 bales of raw cotton for Japan,  
300 tons of flour, 450 tons of barley  
and 17 automobiles. Two of the motor  
cars belong to passengers. Fifteen  
of the automobiles are new cars di-  
rect from the factory and were  
brought to the coast by the Western  
Pacific for shipment to Japan.

The Siberia is carrying a number  
of distinguished passengers to the  
Orient. Among them are Sir Archibald  
Williamson and his two sons, S.  
K. G. Williamson and G. H. G. Wil-

son. They are making a tour of  
the world.

The count and countless deas is  
passengers on the Siberia as far as  
Yokohama.

A. Hamburger of Los Angeles, who  
is a passenger on the Siberia, is mak-  
ing a tour of the Pacific with a party  
of friends. They will travel as far  
as Hongkong on the Siberia. From  
there they will go to Sydney via Singa-  
pore and will come home via Honolu-  
lu. With Hamburger are Mr. and  
Mrs. F. K. Eckley and Mrs. H. Slo-  
cum.

Robert Dollar, head of the Dollar  
Steamship company, and his wife, are  
going to China on the Siberia.

Baron Y. Sakatani, who has been  
touring the world, is returning to Ja-  
pan on the Siberia. Tan Hui Chang,  
Chinese commissioner of education,  
who came from China several weeks  
ago, is going home on the vessel.

The Siberia brought 7916 packages  
general cargo for discharge at Honolu-  
lu and a mail and mail amounting to  
372 sacks. Two automobiles were  
left here while other freight for this  
port included shipments of barley and  
cement.

Inter-Island Steamers Sail Today.  
A number of inter-island steamers  
have taken their departure for out-  
side ports of call. Shortly after ten  
o'clock this morning the flagship Ma-  
una Kea sailed for Hilo and way ports  
taking a fair list of passengers and  
a goodly assortment of general cargo.  
There were a number of tourists in  
the party who propose visiting the  
volcano. The Kuna and Kau liner  
Mauna Loa departed for windward  
Hawaii ports at noon, taking a large  
number of deck passengers. This ves-  
sel was well laden with lumber and  
fertilizer. The Likiep with several  
mules on deck also shipments of lum-  
ber and fertilizer was dispatched for  
Kauai and Mahukona after the  
noon hour as was also the steamer  
Waialeale for Hawaii ports. The latter  
vessel will probably return with a  
deck load of cattle.

Hunt Had An Eye to Business.  
They say that M. H. Hunt, the tall  
and commanding appearing official  
who now adorns the purser's office in  
the Siberia is ever on the watch for  
the best interests of his employers  
and in this connection the San Fran-  
cisco newspapers tell the following  
story: Purser "Mose" Hunt of the  
Pacific Mail liner Siberia, now in port,  
has an eye to the finances of the  
Pacific Mail and Uncle Sam. There  
was a birth on the steamer between  
Yokohama and Honolulu, a female  
subject being added to the dominions  
ruled by the baby Emperor of China.  
Purser Hunt immediately placed the  
new arrival on the ship's manifest and  
then called upon the parents to pro-  
duce \$4, the "head tax" required un-

## ROSS DISAPPEARS AND REAPPEARS AT STATION

After wondering away from his  
home for more than a week, and with-  
out leaving a word to his wife, who  
was unaware of his destination, Ross,  
a machinist, reported at the police  
station this morning to Deputy Sher-  
iff Charles Ross. In the absence of  
Deputy Ross, Chief of Detectives Mc-  
Duffie appeared on the spot and soon  
identified Ross, as the man whom  
Mrs. Ross reported to him as having  
disappeared from home.

Ross told the Chief that he had  
been at work down at the railroad  
during his absence from home, and  
that he had sent a message to his  
wife, informing her of the employ-  
ment he had secured on the railroad.  
He said, however, that the mes-  
senger, a Hawaiian lad, had miscarried  
the message intended for his wife.

Chief McDuffie said that he has  
been looking for him, since Mrs.  
Ross reported to the police of his  
mysterious disappearance from the  
home. Ross did not like the idea of  
being followed up by police, intimat-  
ing to the Chief that he did not do  
anything out of the way.

The question in the Circuit courts  
this morning was as to who was wait-  
ing at the Union Grill, for apparently  
all the regular men were in the vicin-  
ity of Judge Cooper's court, where  
John Mitchell is charged with the  
crime of seduction. Lorrin Andrews is  
appearing for the girl and Leon  
Strauss for the man.

On the petition of W. Pfotenbauer  
a petition has been directed to Otto  
von Finkh at Wiesbaden, Germany, to  
take certain testimony in connection  
with the Renjes estate.

## ZEALANDIA WILL MAKE SHORT STAY

The Zealandia one of the crack  
liners in the Canadian-Australian ser-  
vice, came alongside the Ala-  
hwa wharf at noon today making a fine  
run up from Sydney by the way of  
Auckland and Suva. Purser Coxall  
reports a pleasant passage from the  
Antipodes. The steamer is scheduled  
to depart for Vancouver and Victoria  
at five o'clock this evening taking an  
extensive shipment of pineapples to  
the number of over a thousand cases.

While at the port one hundred and  
ten tons freight were discharged. The  
steamer is not over crowded with  
through passengers as there are but  
41 cabin, 44 second class and 45 third  
class travelers.

The steamer sailed from Sydney on  
Sept. 25th, arrived at Auckland on the  
25th of that month sailed the  
same day for Suva, arriving at Fiji  
island on Oct. 3rd. At Suva nearly  
a thousand tons sugar was loaded for  
discharge at Vancouver.

Passengers for Honolulu numbered  
nineteen in the several classes. The  
through cargo will total 1200 tons.

## HAWAII GETS KAHN'S PRAISE

Congressman Julius Kahn of Califor-  
nia had only good words to say of Ha-  
waii when he got back to the Coast  
from his recent trip here. The fol-  
lowing story is reprinted from a San  
Francisco newspaper:

Congressman Julius Kahn, accompa-  
nied by his wife and two children, re-  
turned yesterday on the Matson liner  
Lurline from a month's visit to the  
Hawaiian Islands. Kahn was quite ill  
when he left here, but seemed in fine  
health and spirits yesterday. During  
his stay in the Islands the Congress-  
man was entertained with all the elab-  
orate hospitality of Hawaii, being the  
guest of Prince "Cupid," the Hawaiian  
Delegate, and Colonel Sam Parker.

The government work, which is go-  
ing on at Pearl Harbor, favorably im-  
pressed the Congressman. As he is on  
the military committee of the House,  
he was greatly interested in this di-  
rection.

"The one serious situation which  
confronts the Islands," said Congress-  
man Kahn, "is the Mediterranean fruit  
fly, which has attacked some of the  
products. We on the Coast should  
guard against this pest, which would  
result in great ruin if it ever got a  
foothold in our orchards. The local  
government of Honolulu is doing all it  
can to stamp out the pest, and I am  
strongly in favor of agitating a Federal  
appropriation to aid in the task."

"The sugar plantations of the Islands  
were never more prosperous, having  
turned out a bumper crop this season.  
The coffee industry is in fair shape and  
the tobacco industry is booming up, as  
well as the cultivation of sisal. They  
are doing wonderful work in road  
building on the islands of Hawaii and  
Oahu, \$1,250,000 having been appropri-  
ated for this purpose. On Hawaii \$600,-  
000 had been spent in bettering the is-  
land with a splendid boulevard, while  
on Oahu the old road is being improv-  
ed. Considerable California oil is be-  
ing used in this work."

## PERSONALITIES

HENRY BOSTWICK, identified with  
the San Francisco Gas and Electric  
Company in an official capacity is a  
visitor to Honolulu, as a passenger  
in the Pacific Mail steamship Siberia.

MAURICE F. LOWENSTEIN, a  
principal owner and general manager  
of Castle Brothers-Wolf and Sons of  
Manila, Philippine Islands, was an ar-  
rival at the port this morning as a  
passenger in the Canadian-Australian  
liner Zealandia from Australia. Mr.  
Lowenstein will remain over at Honolu-  
lu for some time and is stopping at  
the Moana. He is on a business and  
pleasure tour of the world. He left  
Manila some months ago.

Superintendent of Public Works  
Marston Campbell had a conference  
with Manager Ballentyne of the Rapid  
Transit Company in regard to length-  
ening of the switches along the Pu-  
hukou line but nothing came of it.  
Another conference at which some-  
thing definite may be settled is ex-  
pected to be held this week.
